11:50am  Wrap-up
Prenatal to Three Policy Forums

The success of our state depends on getting every child off to a great start. Many organizations and coalitions are working on plans across a wide variety of topics – from prenatal care to early learning, from home visiting to screenings, and more. The Prenatal to Three Policy Forums are intended to provide a space for early-childhood advocates, and those interested in this critical topic, to share their plans and build toward a unified agenda.

The Forums, founded by Elders for Infants and Representative Dave Pinto and held quarterly, are intended to:

1. **Share plans:** Again, many advocates, organizations, and coalitions are working in this space. Simply being aware of the plans of others will help lead to more coordination and better results for kids.

2. **Establish a common base of knowledge:** Early-childhood policy encompasses a vast range of policy areas. No one person knows everything. But every early-childhood advocate should have the basics, with an understanding of the intersections between policy areas and – critically – the cultural and community dynamics involved.

3. **Build relationships:** Advocates, organizations, and coalitions can sometimes work at cross-purposes with one another. A regular chance to meet can increase a sense of teamwork and unity on behalf of our youngest Minnesotans.

The bulk of each Forum consists of presentations focused on a single theme (e.g., prenatal care and early parenting). At the end of each Forum, coalitions – those representing multiple organizations and disciplines – provide an update on their proposals for early-childhood policy. The Forums are webcast to advocates and others statewide.
