**St. Catherine University &  
University of St. Thomas School of Social Work**

Please join us to advance state policies — sharing plans, establishing a common base of knowledge, and building relationships — in support of early childhood, from prenatal care through age 3.

The next session in this quarterly series for advocates, policymakers, and community members will feature an update on the legislative session; remarks by the newly-named director of the Minnesota Children's Cabinet; and presentations on screening, state agency work toward system reform, and the latest data on risks to the well-being of young children.

The meeting is free and open to the public. A live webcast will be available; instructions and a link will be sent to registrants.
