Please join us to advance state policies — sharing plans, establishing a common base of knowledge, and building relationships — in support of early childhood, from prenatal care through age three.

The next session in this quarterly series for advocates, policymakers, and community members will include a discussion on how COVID-19 has impacted the market for early care and education, and an analysis of options for expanding Minnesota's investment in early care and education. This session of the policy forums will be held online via Zoom.

The meeting is free and open to the public.
