Please join us to advance state policies — sharing plans, establishing a common base of knowledge, and building relationships — in support of early childhood, from prenatal care through age three.

The next session in this quarterly series for advocates, policymakers, and community members will provide an early look at early childhood proposals and plans for the 2021 legislative session. It will also feature a tribute to the late Sen. Jerry Relph, the longtime cohost of the policy forums. This session of the policy forums will be held online via Zoom.

**The meeting is free and open to the public.**
